

Preserver for Event Planners

Venue photos, vendor notes and timeline logs with GPS
and timestamps.

Why Event Planners Need Preserver

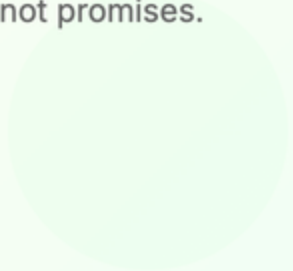

Event planners visiting venues and meeting vendors need timestamped records of every site visit and discussion. Preserve... Time, date and GPS on every capture — no signal needed.

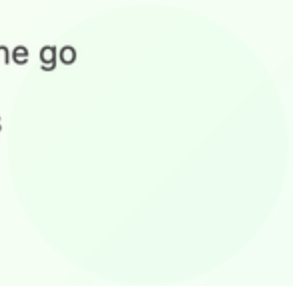

The Problem

Most documentation depends on connectivity. No signal?
No record. No timestamp? No credibility. Event Planners
professionals need proof — not promises.

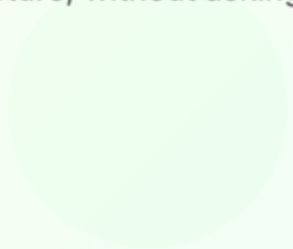

How Preserver Helps
