

Preserver for Investigators

Scene documentation and timestamped evidence with GPS
proof of location.

Why **Investigators** Need Preserver

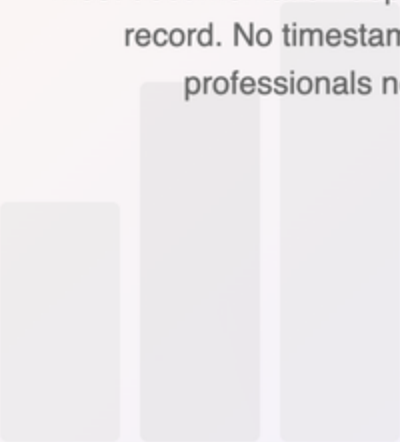

Investigators need timestamped evidence capture that proves when and where observations were made. Preserver provides GP... Time, date and GPS on every capture — no signal needed.

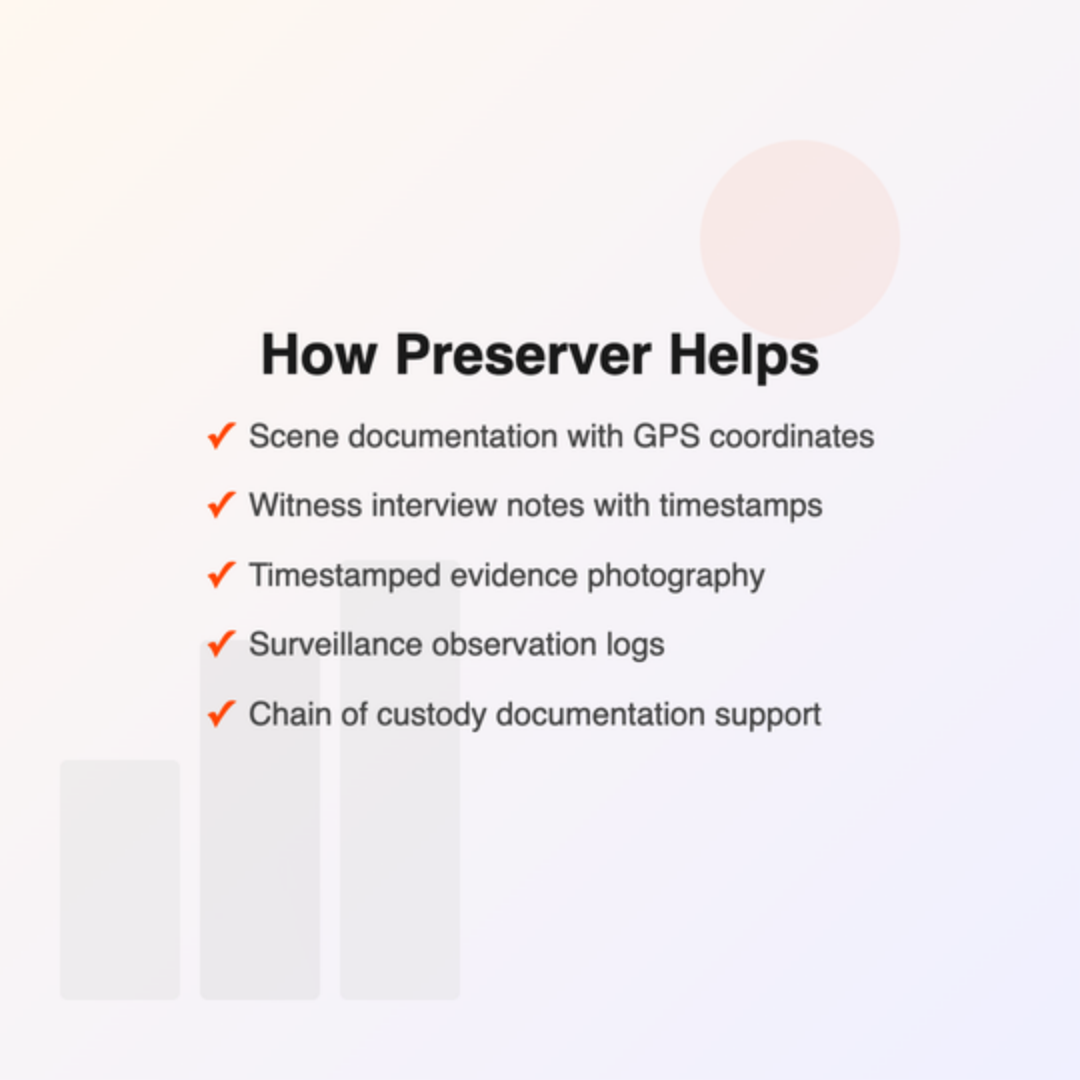

The Problem

Most documentation depends on connectivity. No signal? No record. No timestamp? No credibility. Investigators professionals need proof — not promises.

How Preserver Helps

- ✓ Scene documentation with GPS coordinates
- ✓ Witness interview notes with timestamps
- ✓ Timestamped evidence photography
- ✓ Surveillance observation logs
- ✓ Chain of custody documentation support

The Insight

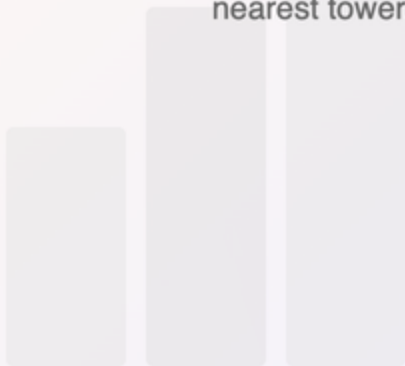

Every investigators professional needs three things: a timestamp, a location, and privacy. Preserver delivers all three — automatically, on every capture, without asking.

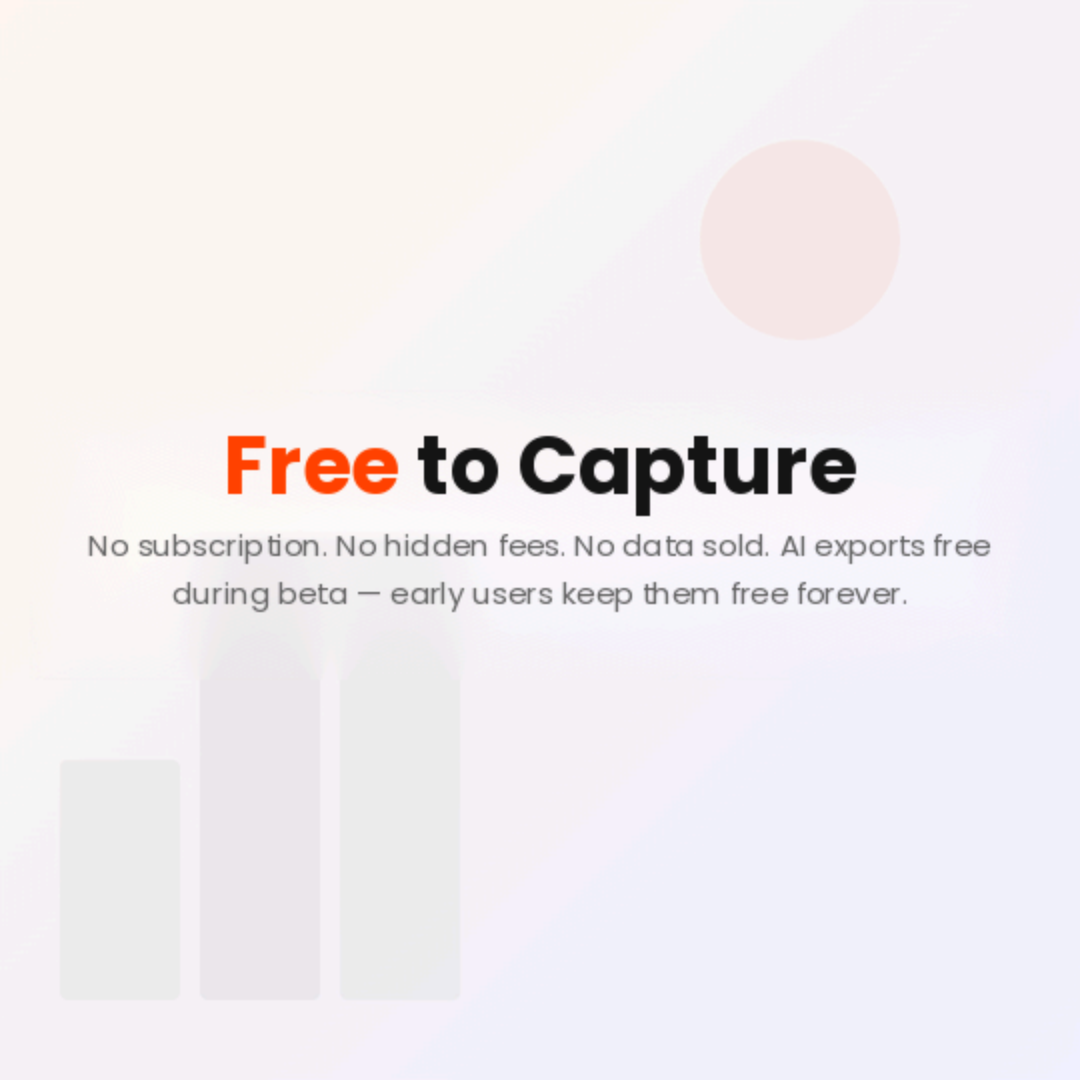

Works Offline

No Wi-Fi. No Bluetooth. No mobile data. Capture with full GPS metadata anywhere — underground, remote, or miles from the nearest tower. Sync when you choose.

Free to Capture

No subscription. No hidden fees. No data sold. AI exports free during beta — early users keep them free forever.
