

Preserver for Retail Auditors

Store compliance checks, planogram photos and
timestamped records.

Why **Retail Auditors Need Preserver**

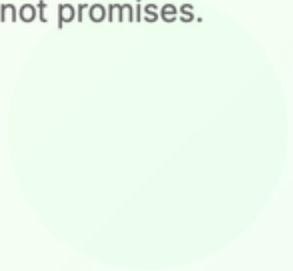

Store compliance checks and planogram audits require timestamped photographic evidence. Preserver provides GPS-tagged me... Time, date and GPS on every capture — no signal needed.

The Problem

Most documentation depends on connectivity. No signal?
No record. No timestamp? No credibility. Retail Auditors
professionals need proof — not promises.

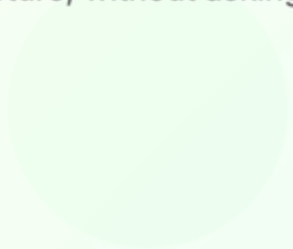

How Preserver Helps

- ✓ Store compliance check photos with timestamps
- ✓ Planogram and merchandising records
- ✓ GPS-verified store visit logs
- ✓ Works offline in buildings with poor signal
- ✓ Multi-store audit trail documentation

The Insight

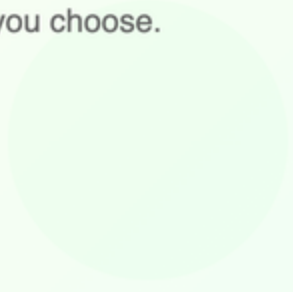

Every retail auditors professional needs three things: a timestamp, a location, and privacy. Preserver delivers all three — automatically, on every capture, without asking.

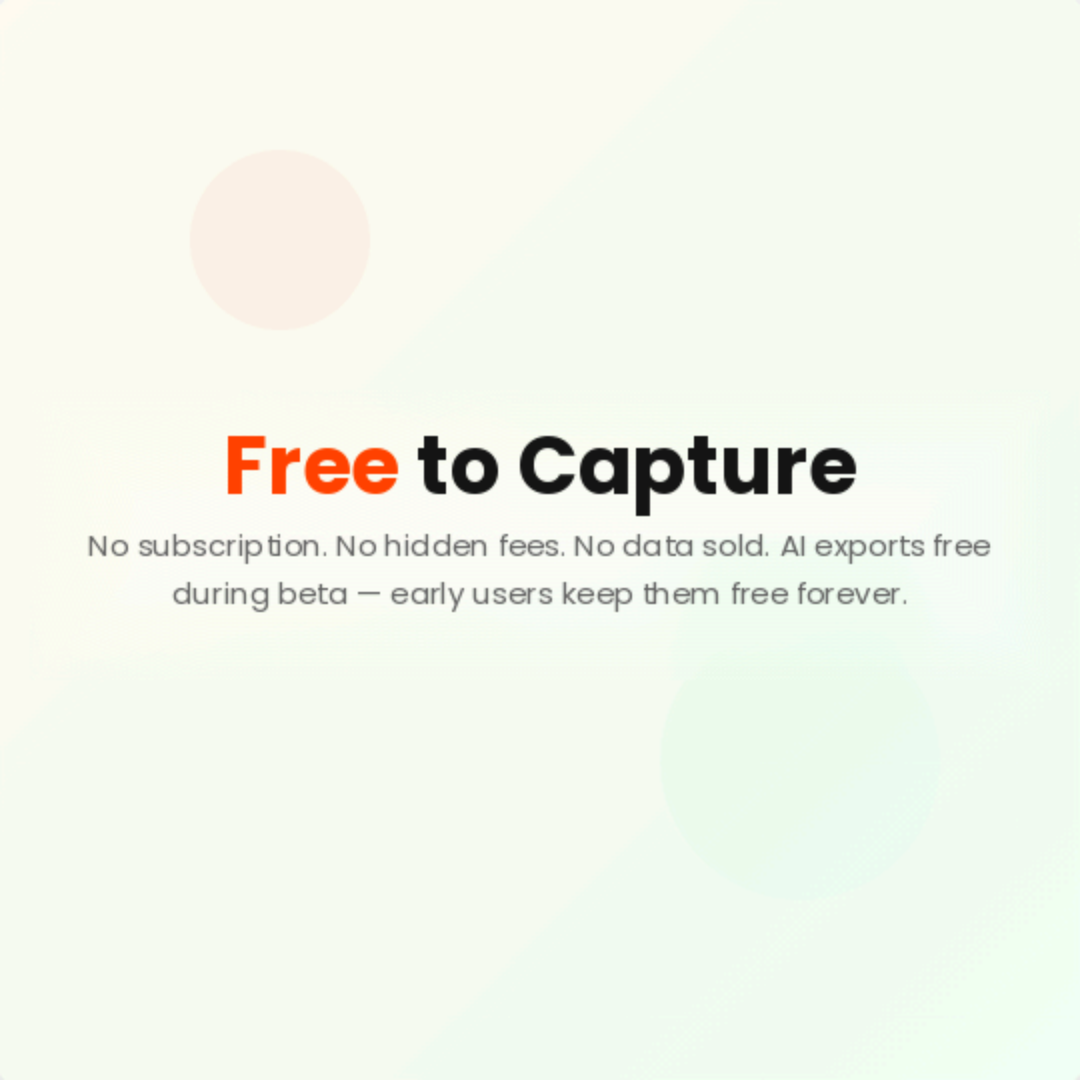

Works Offline

No Wi-Fi. No Bluetooth. No mobile data. Capture with full GPS metadata anywhere — underground, remote, or miles from the nearest tower. Sync when you choose.

Free to Capture

No subscription. No hidden fees. No data sold. AI exports free during beta — early users keep them free forever.
