

Preserver for Aged Care

Timestamped incident notes, medication logs and resident activity records.

Why **Aged Care** Need Preserver

Timestamped incident records protect both residents and carers. When every note is automatically stamped with time, date... Time, date and GPS on every capture — no signal needed.

The Problem

Most documentation depends on connectivity. No signal? No record. No timestamp? No credibility. Aged Care professionals need proof — not promises.

How Preserver Helps

- ✓ Incident notes with exact time and location
- ✓ Medication administration logs
- ✓ Resident activity and wellbeing records
- ✓ GPS-verified home visit proof of attendance
- ✓ Photographic evidence for wound care and condition monitoring

The Insight

Every aged care professional needs three things: a timestamp, a location, and privacy. Preserver delivers all three — automatically, on every capture, without asking.

Works Offline

No Wi-Fi. No Bluetooth. No mobile data. Capture with full GPS metadata anywhere — underground, remote, or miles from the nearest tower. Sync when you choose.

\$49 Once

No subscription. No hidden fees. No data sold. One purchase, forever. For all aged care professionals who need proof of when and where.
