

Preserver for **Builders**

Progress photos, subcontractor records and milestone documentation.

Why **Builders** Need Preserver

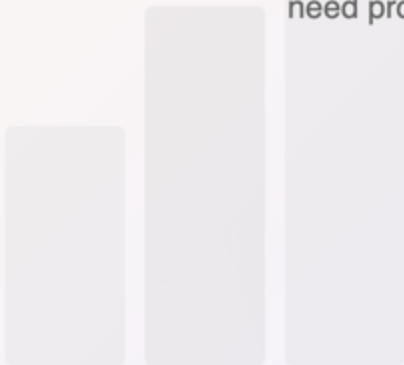

Multi-stage building projects require a continuous documentary record. Preserver provides milestone documentation, subco...
Time, date and GPS on every capture — no signal needed.

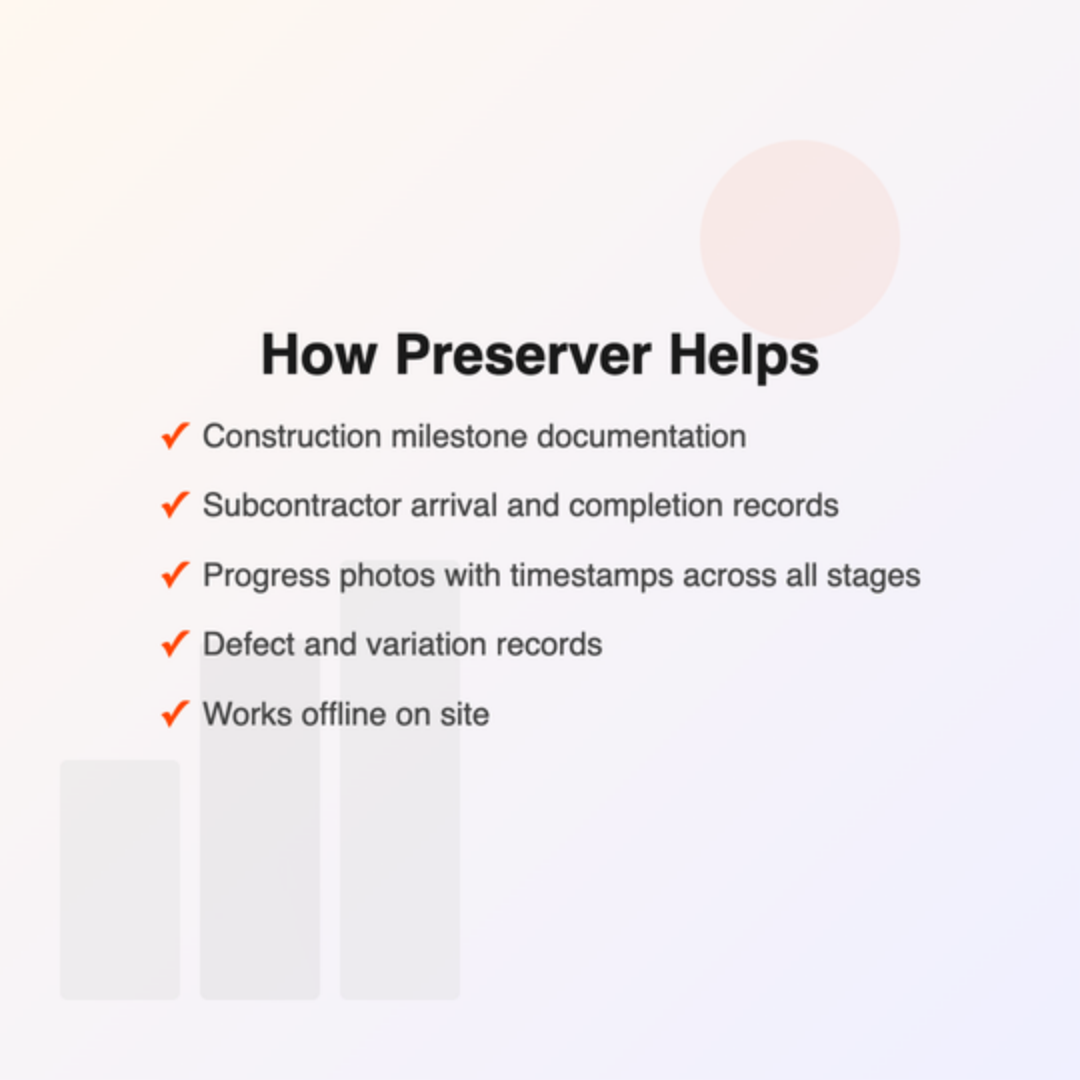

The Problem

Most documentation depends on connectivity. No signal? No record. No timestamp? No credibility. Builders professionals need proof — not promises.

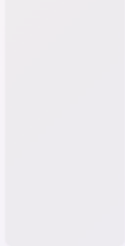

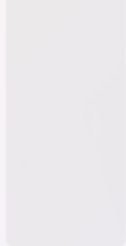

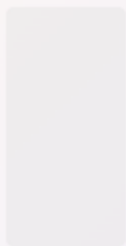

How Preserver Helps

- ✓ Construction milestone documentation
- ✓ Subcontractor arrival and completion records
- ✓ Progress photos with timestamps across all stages
- ✓ Defect and variation records
- ✓ Works offline on site

The Insight

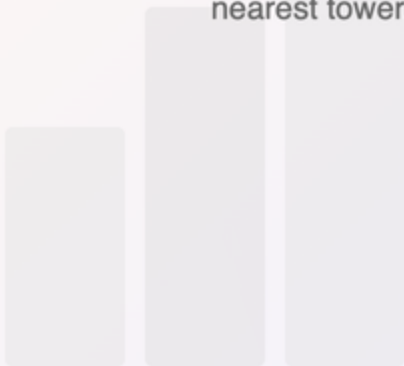

Every builders professional needs three things: a timestamp, a location, and privacy. Preserver delivers all three — automatically, on every capture, without asking.

Works Offline

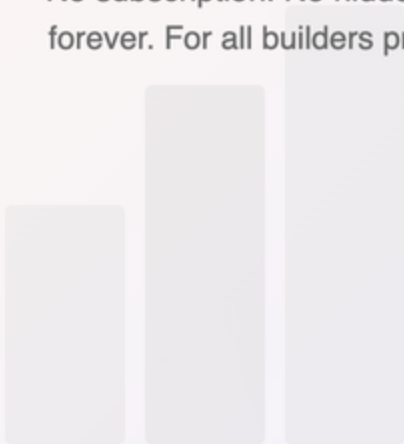

No Wi-Fi. No Bluetooth. No mobile data. Capture with full GPS metadata anywhere — underground, remote, or miles from the nearest tower. Sync when you choose.

\$49 Once

No subscription. No hidden fees. No data sold. One purchase, forever. For all builders professionals who need proof of when and where.
