

Preserver for Caterers

Setup photos, temperature logs and delivery confirmation records.

Why **Caterers** Need **Preserver**

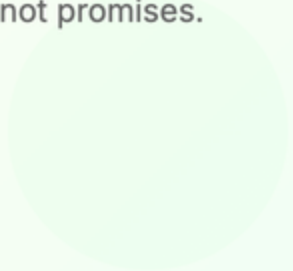

Catering operations require timestamped delivery confirmation and food safety records. Preserver provides setup photos, ...
Time, date and GPS on every capture — no signal needed.

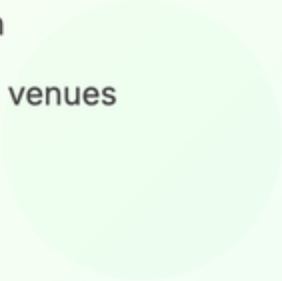

The Problem

Most documentation depends on connectivity. No signal?
No record. No timestamp? No credibility. Caterers
professionals need proof — not promises.

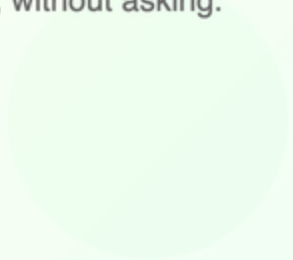

How Preserver Helps

- ✓ Setup and completion photos with timestamps
 - ✓ Food delivery confirmation records
 - ✓ Temperature log notes with timestamps
 - ✓ Client sign-off documentation
 - ✓ Works offline at remote event venues
- 

The Insight

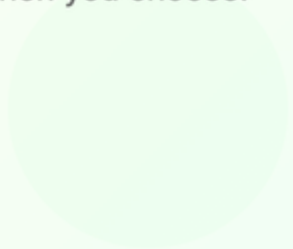

Every caterers professional needs three things: a timestamp, a location, and privacy. Preserver delivers all three — automatically, on every capture, without asking.

Works Offline

No Wi-Fi. No Bluetooth. No mobile data. Capture with full GPS metadata anywhere — underground, remote, or miles from the nearest tower. Sync when you choose.

\$49 Once

No subscription. No hidden fees. No data sold. One purchase, forever. For all caterers professionals who need proof of when and where.
