

Preserver for Cleaners

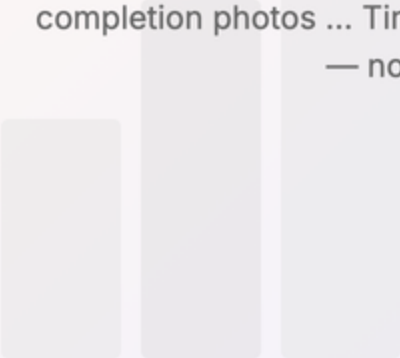

Job completion photos and client sign-off records with
time and location proof.

Why **Cleaners** Need Preserver

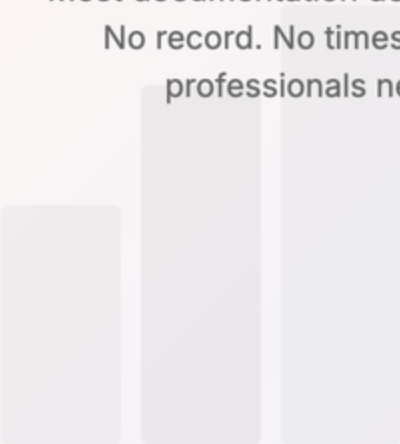

Cleaning contractors face disputes about whether work was completed and to what standard. Timestamped completion photos ... Time, date and GPS on every capture — no signal needed.

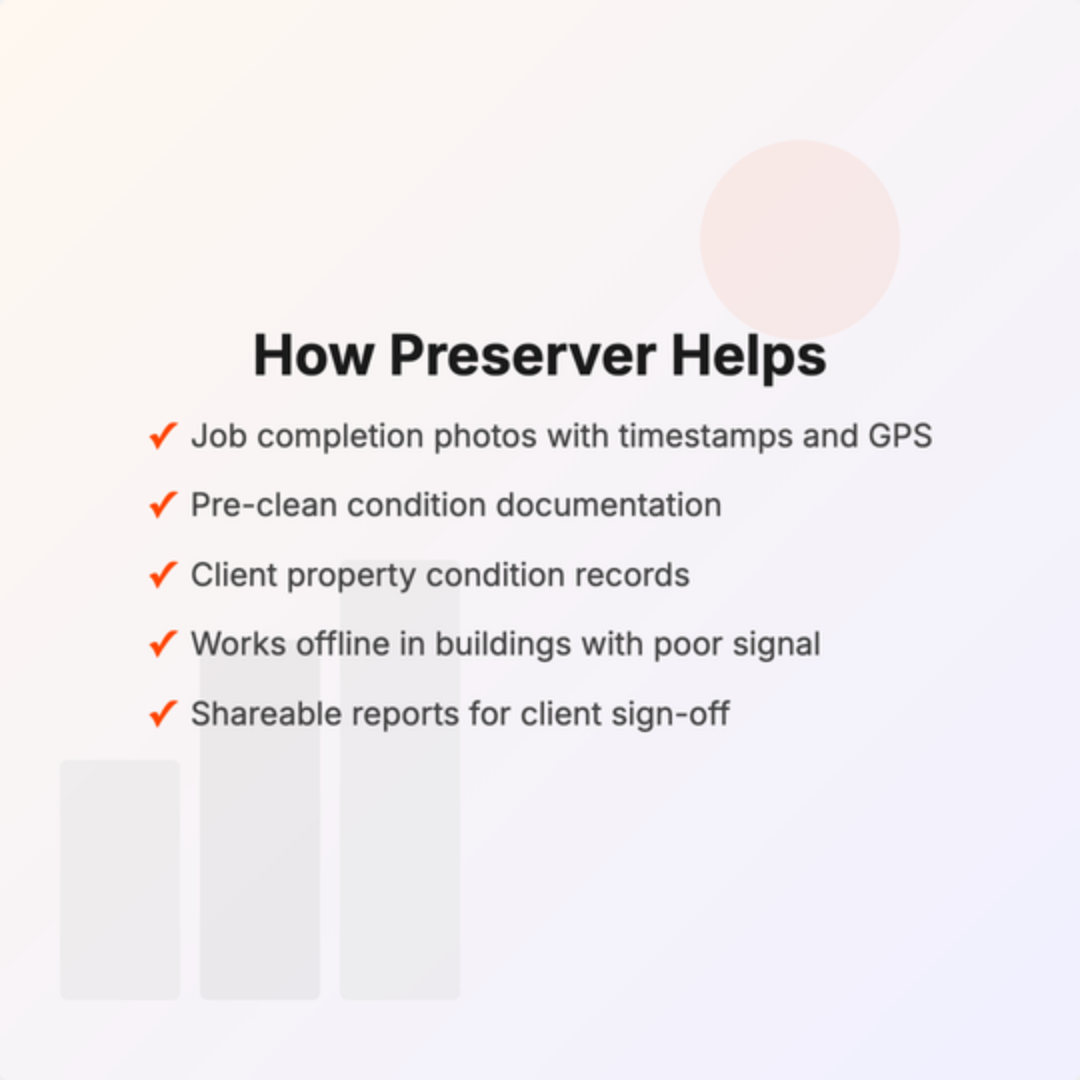

The Problem

Most documentation depends on connectivity. No signal?
No record. No timestamp? No credibility. Cleaners
professionals need proof — not promises.

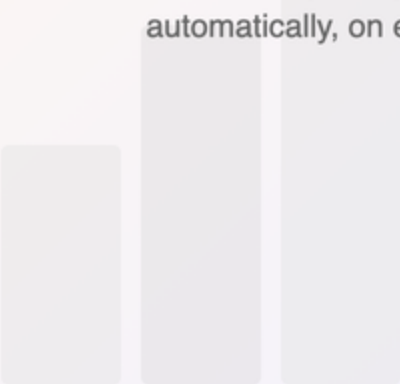

How Preserver Helps

- ✓ Job completion photos with timestamps and GPS
- ✓ Pre-clean condition documentation
- ✓ Client property condition records
- ✓ Works offline in buildings with poor signal
- ✓ Shareable reports for client sign-off

The Insight

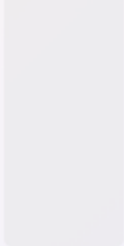

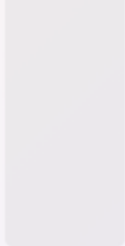

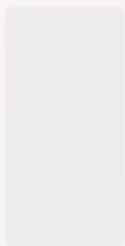

Every cleaners professional needs three things: a timestamp, a location, and privacy. Preserver delivers all three — automatically, on every capture, without asking.

Works Offline

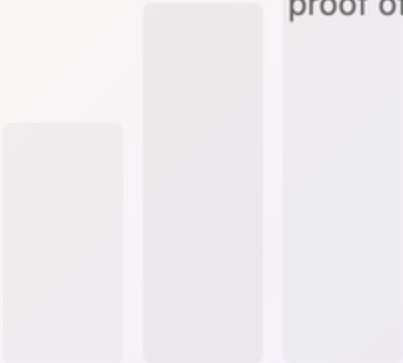

No Wi-Fi. No Bluetooth. No mobile data. Capture with full GPS metadata anywhere — underground, remote, or miles from the nearest tower. Sync when you choose.

\$49 Once

No subscription. No hidden fees. No data sold. One purchase, forever. For all cleaners professionals who need proof of when and where.
