

Preserver for Council Inspectors

Planning compliance inspections with GPS-tagged observations.

Why **Council Inspectors** Need Preserver

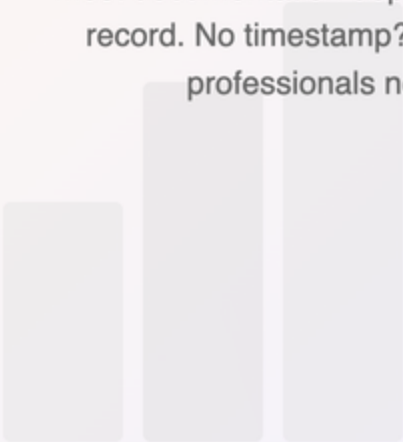

Planning and compliance inspections require GPS-verified photographic evidence. Preserver captures timestamped site observations. Time, date and GPS on every capture — no signal needed.

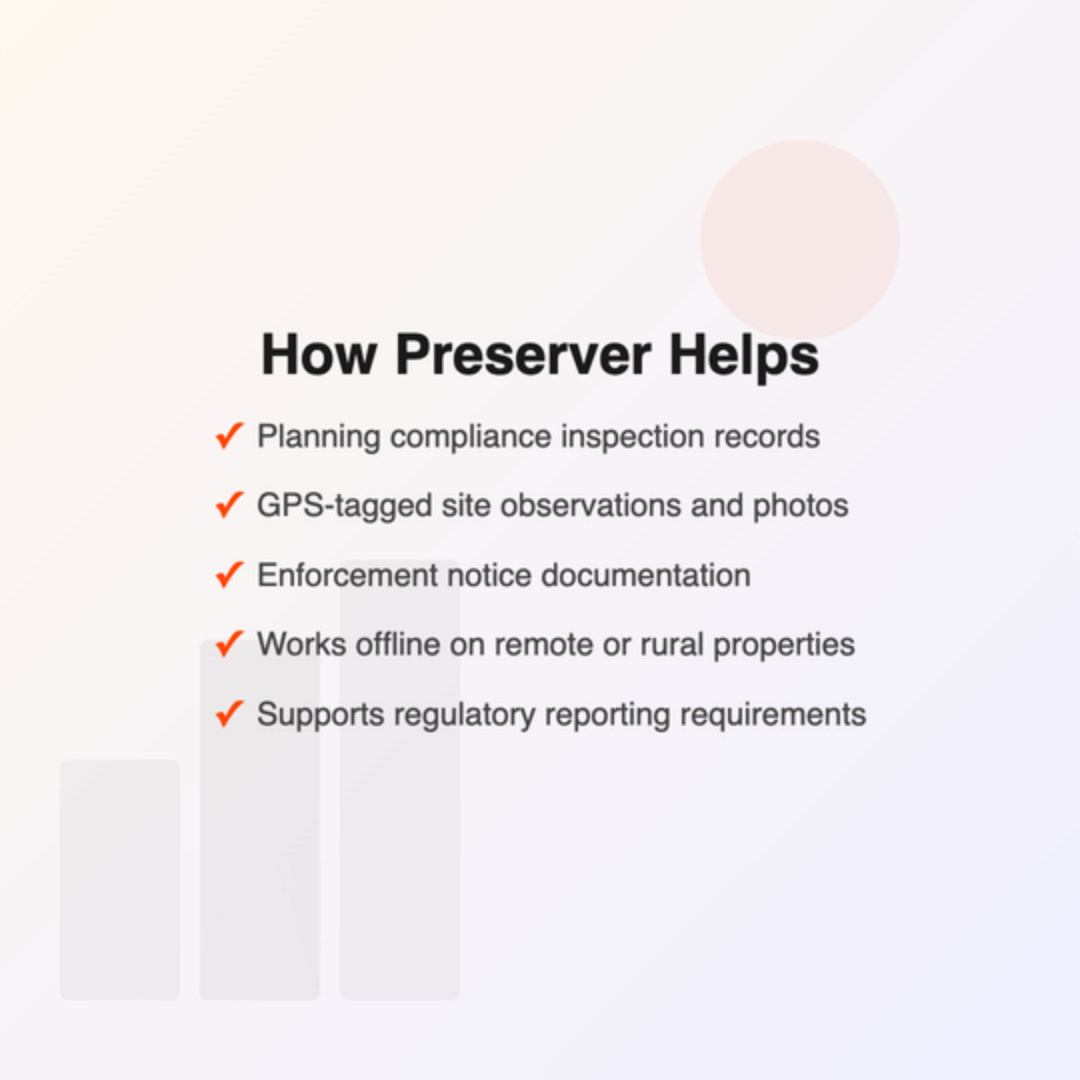

The Problem

Most documentation depends on connectivity. No signal? No record. No timestamp? No credibility. Council Inspectors professionals need proof — not promises.

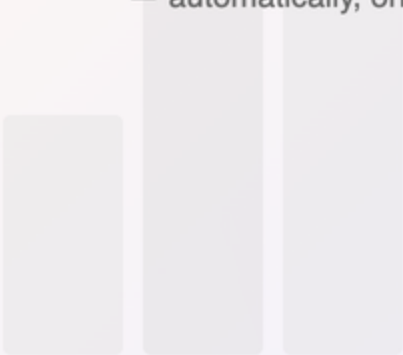

How Preserver Helps

- ✓ Planning compliance inspection records
- ✓ GPS-tagged site observations and photos
- ✓ Enforcement notice documentation
- ✓ Works offline on remote or rural properties
- ✓ Supports regulatory reporting requirements

The Insight

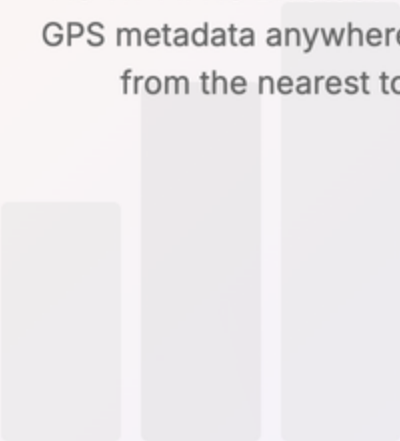

Every council inspectors professional needs three things: a timestamp, a location, and privacy. Preserver delivers all three — automatically, on every capture, without asking.

Works Offline

No Wi-Fi. No Bluetooth. No mobile data. Capture with full GPS metadata anywhere — underground, remote, or miles from the nearest tower. Sync when you choose.

\$49 Once

No subscription. No hidden fees. No data sold. One purchase, forever. For all council inspectors professionals who need proof of when and where.
