

Preserver for **Digital Diary**

Voice, text and photo entries with automatic date, time and location tagging.

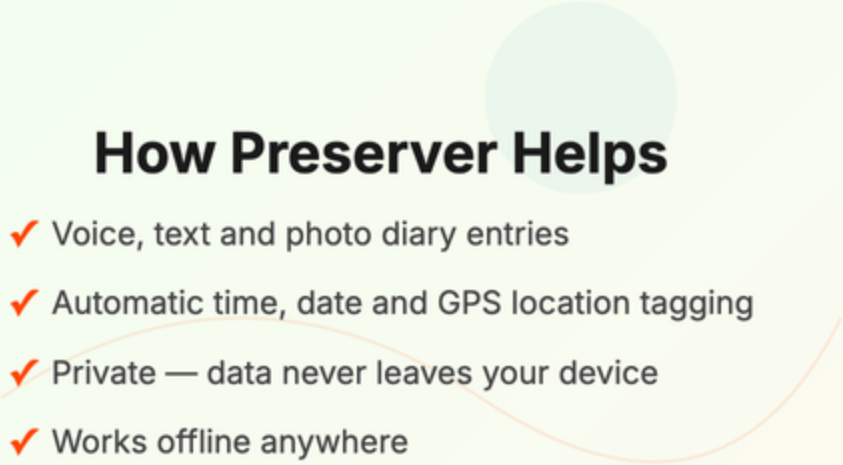

Why **Digital Diary** Need Preserver

A digital diary that automatically records when and where each entry was made. Voice, text and photo entries with GPS an... Time, date and GPS on every capture — no signal needed.

The Problem

Most documentation depends on connectivity. No signal?
No record. No timestamp? No credibility. Digital Diary
professionals need proof — not promises.

How Preserver Helps

- ✓ Voice, text and photo diary entries
- ✓ Automatic time, date and GPS location tagging
- ✓ Private — data never leaves your device
- ✓ Works offline anywhere
- ✓ A richer record than a notebook

The Insight

Every digital diary professional needs three things: a timestamp, a location, and privacy. Preserver delivers all three — automatically, on every capture, without asking.

Works Offline

No Wi-Fi. No Bluetooth. No mobile data. Capture with full GPS metadata anywhere — underground, remote, or miles from the nearest tower. Sync when you choose.

\$49 Once

No subscription. No hidden fees. No data sold. One purchase, forever. For all digital diary professionals who need proof of when and where.
