

Preserver for Documentary Makers

Location scouting notes and timestamped production logs.

Why **Documentary Makers** Need Preserver

Documentary production requires accurate location scouting records and interview notes. Preserver provides GPS-tagged lo... Time, date and GPS on every capture — no signal needed.

The Problem

Most documentation depends on connectivity. No signal? No record. No timestamp? No credibility. Documentary Makers professionals need proof — not promises.

How Preserver Helps

- ✓ Location scouting records with GPS coordinates
 - ✓ Interview prep and subject notes
 - ✓ Timestamped production logs
 - ✓ Works offline in remote filming locations
 - ✓ Evidence photography for fact-checking
-

The Insight

Every documentary makers professional needs three things: a timestamp, a location, and privacy. Preserver delivers all three — automatically, on every capture, without asking.

Works Offline

No Wi-Fi. No Bluetooth. No mobile data. Capture with full GPS metadata anywhere — underground, remote, or miles from the nearest tower. Sync when you choose.

\$49 Once

No subscription. No hidden fees. No data sold. One purchase, forever. For all documentary makers professionals who need proof of when and where.
