

Preserver for Insurance Assessors

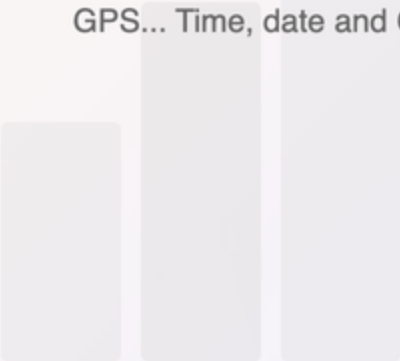

Damage assessment photos and GPS-verified site records for
claims.

Why **Insurance Assessors** Need Preserver

Insurance assessments require verifiable documentation of damage at a specific time and location. Preserver provides GPS... Time, date and GPS on every capture — no signal needed.

The Problem

Most documentation depends on connectivity. No signal? No record. No timestamp? No credibility. Insurance Assessors professionals need proof — not promises.

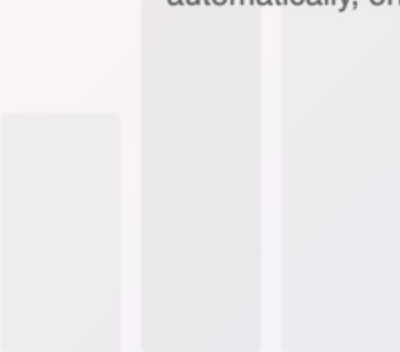

How Preserver Helps

- ✓ Damage assessment photos with GPS and timestamps
- ✓ Site condition records at time of assessment
- ✓ Voice notes for rapid assessment documentation
- ✓ Works offline in remote or damaged-infrastructure areas
- ✓ Supports claims processing with verifiable evidence

The Insight

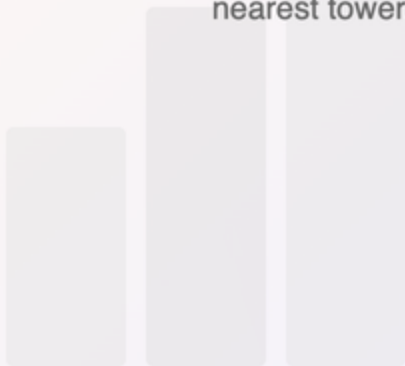

Every insurance assessors professional needs three things: a timestamp, a location, and privacy. Preserver delivers all three — automatically, on every capture, without asking.

Works Offline

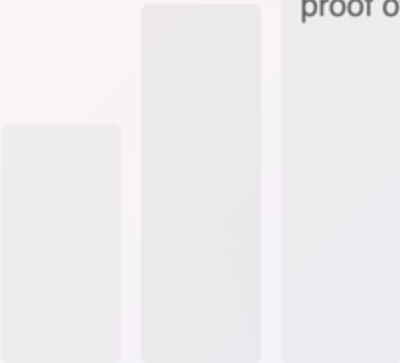

No Wi-Fi. No Bluetooth. No mobile data. Capture with full GPS metadata anywhere — underground, remote, or miles from the nearest tower. Sync when you choose.

\$49 Once

No subscription. No hidden fees. No data sold. One purchase, forever. For all insurance assessors professionals who need proof of when and where.
