

Preserver for Personal Trainers

Session notes, client progress records and workout logs
with timestamps.

Why Personal Trainers Need Preserver

Session records and client progress documentation benefit from automatic timestamps. Preserver provides a private, offli... Time, date and GPS on every capture — no signal needed.

The Problem

Most documentation depends on connectivity. No signal?
No record. No timestamp? No credibility. Personal Trainers
professionals need proof — not promises.

How Preserver Helps

- ✓ Session notes with timestamps
 - ✓ Client progress photos over time
 - ✓ Workout and exercise records
 - ✓ Works offline at outdoor and remote training locations
 - ✓ Private — data stays on device
- 

The Insight

Every personal trainers professional needs three things: a timestamp, a location, and privacy. Preserver delivers all three — automatically, on every capture, without asking.

Works Offline

No Wi-Fi. No Bluetooth. No mobile data. Capture with full GPS metadata anywhere — underground, remote, or miles from the nearest tower. Sync when you choose.

\$49 Once

No subscription. No hidden fees. No data sold. One purchase, forever. For all personal trainers professionals who need proof of when and where.
