

Preserver for Psychologists

Structured session notes and outcome tracking with full
privacy.

Why **Psychologists** Need **Preserver**

Psychological session notes are among the most sensitive records a professional keeps. Preserver keeps everything on-dev... Time, date and GPS on every capture — no signal needed.

The Problem

Most documentation depends on connectivity. No signal?
No record. No timestamp? No credibility. Psychologists
professionals need proof — not promises.

How Preserver Helps

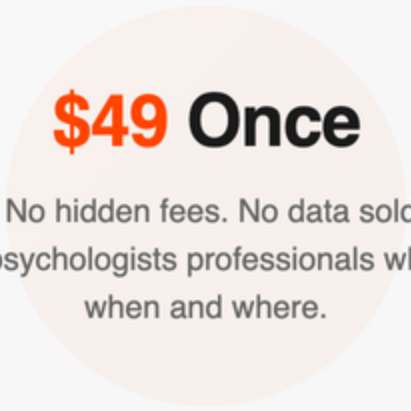

- ✓ Structured session notes and outcome tracking
- ✓ Risk and safety assessment records
- ✓ Private — no cloud upload unless you choose
- ✓ Works offline for telehealth and home visits
- ✓ Voice notes for faster documentation

The Insight

Every psychologists professional needs three things: a timestamp, a location, and privacy. Preserver delivers all three — automatically, on every capture, without asking.

Works Offline

No Wi-Fi. No Bluetooth. No mobile data. Capture with full GPS metadata anywhere — underground, remote, or miles from the nearest tower. Sync when you choose.

\$49 Once

No subscription. No hidden fees. No data sold. One purchase, forever. For all psychologists professionals who need proof of when and where.
