

Preserver for Tourism Operators

Activity logs, safety check records and GPS-tagged tour documentation.

Why **Tourism Operators** **Need Preserver**

Tourism operators running activities in remote areas need GPS-tagged safety records and activity logs. Preserver works o... Time, date and GPS on every capture — no signal needed.

The Problem

Most documentation depends on connectivity. No signal?

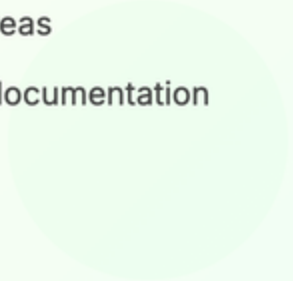

No record. No timestamp? No credibility. Tourism

Operators professionals need proof — not promises.

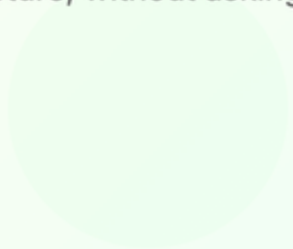

How Preserver Helps

- ✓ Activity logs with GPS and timestamps
 - ✓ Safety check and compliance records
 - ✓ GPS-tagged tour route documentation
 - ✓ Works offline in remote areas
 - ✓ Incident and emergency documentation
- 

The Insight

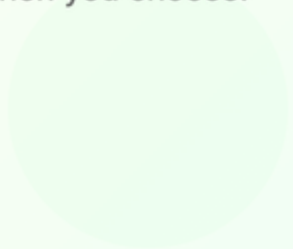

Every tourism operators professional needs three things: a timestamp, a location, and privacy. Preserver delivers all three — automatically, on every capture, without asking.

Works Offline

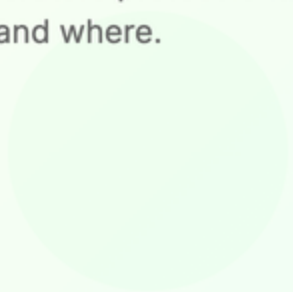

No Wi-Fi. No Bluetooth. No mobile data. Capture with full GPS metadata anywhere — underground, remote, or miles from the nearest tower. Sync when you choose.

\$49 Once

No subscription. No hidden fees. No data sold. One purchase, forever. For all tourism operators professionals who need proof of when and where.
