

Preserver for Tradespeople

Before/after job photos with timestamps — dispute-proof
documentation.

Why **Tradespeople** Need Preserver

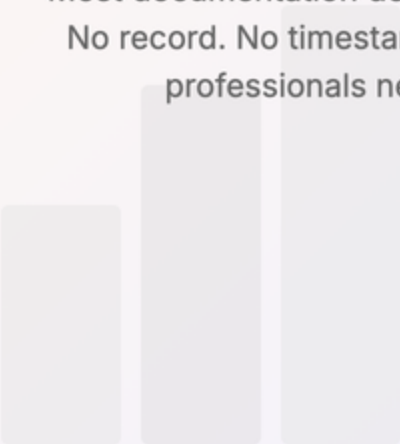

Trades disputes are one of the most common small business headaches in Australia. A single timestamped before/after photo... Time, date and GPS on every capture — no signal needed.

The Problem

Most documentation depends on connectivity. No signal?
No record. No timestamp? No credibility. Tradespeople
professionals need proof — not promises.

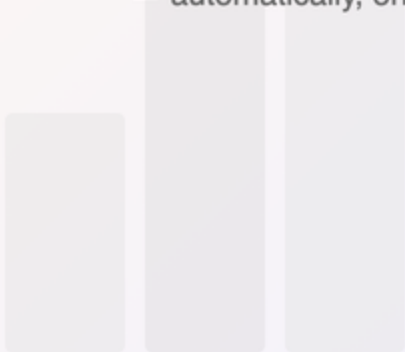

How Preserver Helps

- ✓ Arrival photo proving time, date and address
- ✓ Pre-work condition shots — existing damage documented
- ✓ Progress photos for multi-day or complex jobs
- ✓ Completion photos with GPS and timestamp embedded
- ✓ Voice note handover summary at sign-off

The Insight

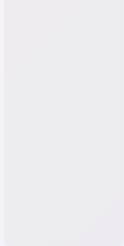

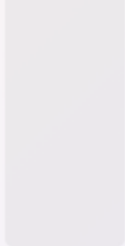

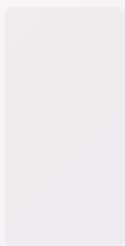

Every tradespeople professional needs three things: a timestamp, a location, and privacy. Preserver delivers all three — automatically, on every capture, without asking.

Works Offline

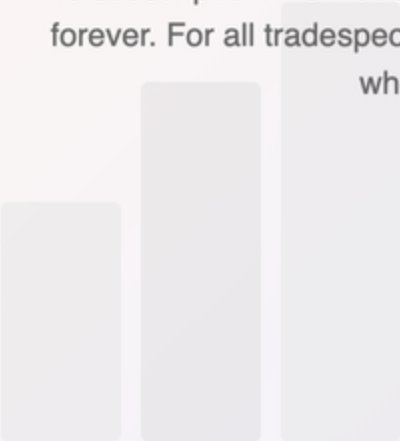

No Wi-Fi. No Bluetooth. No mobile data. Capture with full GPS metadata anywhere — underground, remote, or miles from the nearest tower. Sync when you choose.

\$49 Once

No subscription. No hidden fees. No data sold. One purchase, forever. For all tradespeople professionals who need proof of when and where.

Get Preserver

For Tradespeople
