

Preserver for Travel Blog

Geo-tagged travel photos and voice notes — offline-ready
for remote travel.

Why Travel Blog Need Preserver

Geo-tagged travel photos, voice notes and place records — all captured offline without roaming data.... Time, date and GPS on every capture — no signal needed.

The Problem

Most documentation depends on connectivity. No signal? No record. No timestamp? No credibility. travel blog professionals need proof — not promises.

How Preserver Helps

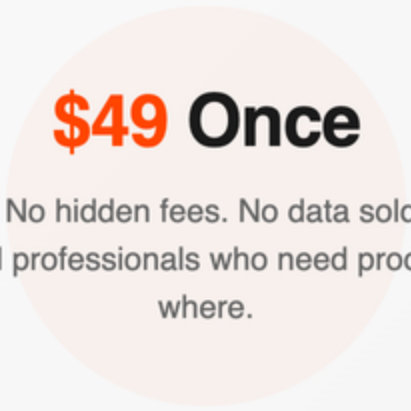

- ✓ Geo-tagged travel photos and voice notes
- ✓ Location records without roaming data
- ✓ Works offline internationally
- ✓ Automatic GPS and timestamp on every entry
- ✓ Ready to export for blog or social content

The Insight

Every professional needs three things: a timestamp, a location, and privacy. Preserver delivers all three — automatically, on every capture, without asking.

Works Offline

No Wi-Fi. No Bluetooth. No mobile data. Capture with full GPS metadata anywhere — underground, remote, or miles from the nearest tower. Sync when you choose.

\$49 Once

No subscription. No hidden fees. No data sold. One purchase, forever. For all professionals who need proof of when and where.
