

Preserver for Wildlife Rangers

Patrol logs, wildlife observation records and incident documentation with automatic GPS and timestamp metadata.

Why **Wildlife Rangers** Need Preserver

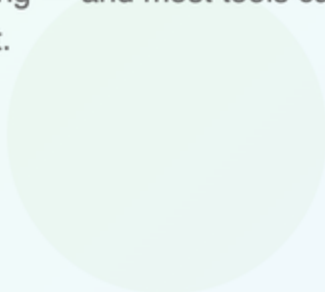

Proof of when and where matters in every industry. Wildlife Rangers professionals need irrefutable records — automatic timestamps and GPS on every capture.

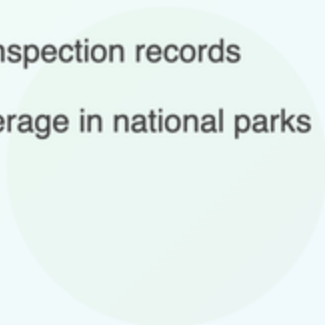

The Problem

Documentation depends on connectivity. No signal means no record. No timestamp means no credibility. For wildlife rangers work in the field, proof is everything — and most tools can't deliver it.

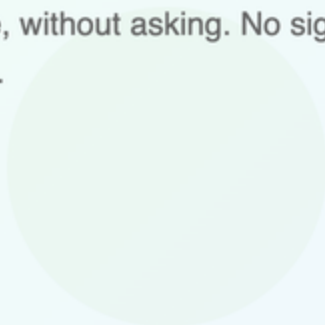

How Preserver Helps

- ✓ GPS-verified patrol logs with timestamps
 - ✓ Wildlife sighting records with coordinates
 - ✓ Poacher and incident documentation
 - ✓ Fence and infrastructure inspection records
 - ✓ Works without mobile coverage in national parks
- 

The Insight

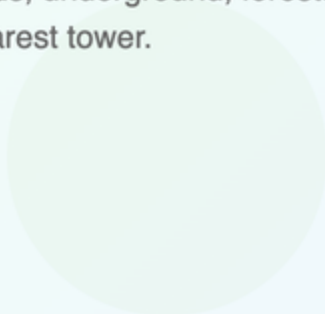

Every wildlife rangers professional needs three things: a timestamp, a location, and privacy. Preserver delivers all three — automatically, on every capture, without asking. No signal needed.

Works Offline

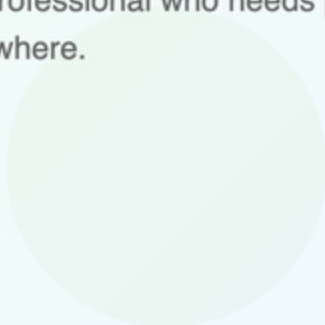

No Wi-Fi. No Bluetooth. No mobile data. Capture with full GPS metadata anywhere — remote fields, underground, forests, or miles from the nearest tower.

\$49 Once

No subscription. No hidden fees. No data sold. One purchase, forever. For every wildlife rangers professional who needs proof of when and where.
