

Preserver for Personal Trainers

Session notes, client progress records and workout logs
with timestamps.

Why **Personal Trainers** Need **Preserver**

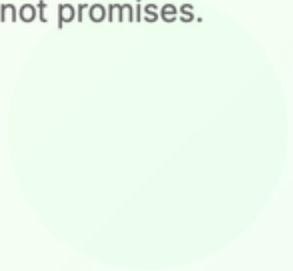

Session records and client progress documentation benefit from automatic timestamps. Preserver provides a private, offli... Time, date and GPS on every capture — no signal needed.

The Problem

Most documentation depends on connectivity. No signal?
No record. No timestamp? No credibility. Personal Trainers
professionals need proof — not promises.

How Preserver Helps

- ✓ Session notes with timestamps
 - ✓ Client progress photos over time
 - ✓ Workout and exercise records
 - ✓ Works offline at outdoor and remote training locations

-
